

Thomas Hübl USA Tour 2011

Thomas Hübl is a contemporary spiritual teacher of uncompromising clarity whose work reveals the enlightened potential of a new form of humanity which he calls a 'we-culture', accessible to us all. Drawing from mystical experiences of all spiritual traditions, his international workshops, trainings and talks guide people to a deeper level of self-awareness and personal responsibility – a radical transcendence of an ego-centred world view opens the doorway to a profound life of authentic expression, service and alignment with the Absolute. Thomas lives in Germany and Israel and will be touring the US this spring.
